

INCOMING WIRE TRANSFER INSTRUCTIONS for:

International Wires

Jefferson Bank currently offers two options for customers to receive International Wires. To determine proper route for incoming wires you will need to know the following:

- Are the funds being sent in US dollars?
- Does the sending bank use a US Correspondent Bank to fund wire to the United States?

If "yes" to above questions, use the following directions (same as our domestic instructions)

Receiving Financial Institution: Jefferson Bank of Florida
Routing Account #: 063116436

For Final Credit: Your Name (as account is titled at bank)
Your Address
Your Acct Number

If the answer to either of the above questions is "no", use the SWIFT instructions noted below:
